**REQUEST FOR RESTART OF PERIOD FOR REPLY AND NEW OFFICE ACTION**

Applicant received an Office Action dated July 21, 2008, in the above identified application. Claims 1-7 and 8-13 are pending in the application. The PTOL 326 indicates that claims 1, 2, 4-6, and 8-13 are rejected and claim 3 is objected to; however, in the body of the action claim 10 is not identified anywhere as either rejected or allowed. Claim 10 was previously rejected under Section 101, but this rejection was withdrawn by the action. No other rejection remains of claim 10, and therefore claim 10 is believed to be in condition for allowance. In addition, claims 4, 5, and 12 are identified page 2 of the action as rejected under Sections 102 and 103. The action includes an explanation of the rejection under Section 103 but no explanation of the rejection under section 102. As result, Applicant is unable to respond to the office action as no explanation of the status of claim 10 is given as rejected or allowed, and no explanation of the rejection under Section 102 is given.

Applicant requests that a new office action and PTOL 326 be provided indicating the correct status of all the claims. In addition, Applicant requests that an explanation of the status of claim 10 be provided and that the rejection under Section 102 be explained or withdrawn.

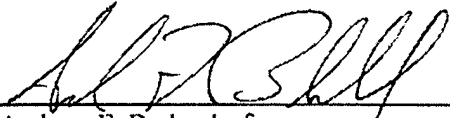

Under MPEP 710.06 Applicant brings these errors to the attention of the Office within one month of the mail date of the office action, and, therefore; it is proper to for the Office to restart the previously set period for reply to run from the date the errors are corrected.

Respectfully submitted,
